TOWN OF NEW HARTFORD, NEW YORK
Notes to the New York State Annual Financial
Report Update Document (Unaudited)
Year Ended December 31, 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The New York State Annual Financial Report Update Document (the “AUD”) of the Town of New Hartford, New York (the “Town”) have been prepared in conformity with the format prescribed by the New York State Office of the State Comptroller Annual Update Document guidelines. The Governmental Accounting Standards Board (“GASB”) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the Town’s accounting policies are described below.

Reporting Entity

The Town is governed by the general laws of the State of New York and various local laws and ordinances. The Town Board is the legislative body responsible for the overall operations of the Town. The Supervisor serves as the Chief Executive Officer and as Chief Fiscal Officer of the Town.

Discretely Presented Component Unit—The financial statements includes the financial data of the Town’s discretely presented component unit. This unit is reported in a separate column to emphasis that it is legally separate from the Town.

- **New Hartford Public Library**—The New Hartford Public Library (the “Library”) was established in 1977 by the Town and granted a charter by the State Board of Regents as provided in Article 5 of the Education Law. The Town appoints all trustees, raises taxes for the library purposes, and as needed, issues all library indebtedness which is supported by the full faith and credit of the Town. The Library has title to its capital assets. The Library is a discretely presented component unit of the Town. The financial statements can be obtained by writing to the Library at 2 Library Lane, New Hartford, New York 13413.

Units of local government which operate within the boundaries of the Town consist of the Village of New Hartford, the Village of New York Mills, and the hamlets of Chadwicks and Washington Mills. Public education is provided by one independent school districts within the Town.

Basis of Presentation – AUD

The AUD provides information about the Town’s funds. Separate statements for each fund category—governmental and fiduciary—are presented.

The Town reports the following major governmental funds:

- **General Fund**—The General Fund constitutes the primary operating fund of the Town and includes all operations not required to be recorded in other funds. The principal source of revenue for the General Fund is real property taxes.
- **Police Fund**—This fund accounts for the revenues and expenditures related to Police services. Real property taxes are raised for police services from the whole Town excluding the Village of New York Mills.

- *Highway Town-wide Fund*—The Highway Whole-Town Fund is used to record all revenues and expenditures related to road maintenance and construction inside Village boundaries. The major source of revenue for this fund is sales tax.
- *Highway Part-Town Fund*—The Highway Part-Town Fund is used to record all revenues and expenditures related to road maintenance and construction outside Village boundaries. The major source of revenue for this fund is non-property taxes.
- *Sewer Fund*—The Sewer Fund is used to account for and report the proceeds of specific revenue sources that are legally restricted to expenditures for the purpose of the Sewer Fund. The major source of revenue for this fund is real property taxes.
- *Capital Projects Fund*—The Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of capital facilities.

Additionally, the Towns reports the following fund type:

Fiduciary Funds—These funds are used to account for assets held by the Town in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. Trust funds account for resources received and disbursements made in accordance with trust agreements or applicable legislative enactments for each particular fund. Fiduciary funds include the *Custodial Fund*. Activities reported in the fiduciary funds include monies held in trust and deposits that are to be returned.

During the course of operations the Town has activity between funds for various purposes. Any residual balances outstanding at year-end are reported as due from/to other funds and advances to/from other funds.

Further, certain activity occurs during the year involving transfers of resources between funds. In the AUD these amounts are reported at gross amounts as transfers in/out.

Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the AUD.

The AUD is reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 90 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt services expenditures, as well as expenditures related to compensated absences, pensions and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, non-property taxes, franchise taxes, licenses, interest and state and federal aid associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met and the amount is received during the period or within the period of availability. Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements are met and the amount is received during the period of availability. All other revenue items are considered to be measurable and available only when cash is received by the Town.

The Custodial Fund is reported using the *economic resources measurement focus* and the *accrual basis of accounting*.

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Fund Balance

Cash and Cash Equivalents and Investments—The Town’s cash and cash equivalents consist of cash on hand, demand deposits, time deposits and short-term, highly liquid investments with original maturities of three months or less from the date of acquisition. The Town had no investments at December 31, 2020; however, when the Town does have investments it is the Town’s policy to record them at fair value based on quoted market value.

Restricted Cash and Cash Equivalents—Restricted cash and cash equivalents represent amounts to support fund balance restrictions, unspent proceeds of debt and cash held on behalf of others.

Restricted Investments—The Town’s restricted investments consist of annuity contracts related to the Town’s Length of Service Award Program (“LOSAP”).

Receivables—Receivables are shown net of an allowance for uncollectible accounts, when applicable. No allowance or uncollectible account has been provided since it is believed that such an allowance would not be material.

Prepaid Items—Certain payments reflect costs applicable to future accounting periods and are recorded as prepaid items in the AUD. The cost of prepaid items is recorded as expenses/expenditures when consumed rather than purchased.

Capital Assets—Capital assets, which include buildings and improvements, machinery and equipment and infrastructure are reported in the supplemental Schedule K to the AUD. Capital assets purchased or acquired with an original cost of \$500 or more are reported at historical cost or estimated historical cost. Additions, improvements, and other capital outlays that significantly extend the life of an asset are capitalized. Other costs incurred for repairs and maintenance and expensed as incurred. Infrastructure assets are capitalized on a prospective basis. Donated capital assets are recorded at acquisition value at the date of its donation.

Land and construction in progress are not depreciated. Depreciation on all other assets is provided on the straight-line basis over the estimated useful lives as shown below:

Assets	Years
Buildings and improvements	40
Machinery and equipment	3-15
Infrastructure	40

The *capital outlays* character classification is employed only for expenditures reported in the Capital Projects Fund. Routine capital expenditures in the General Fund and other governmental funds are included in the appropriate functional category (for example, the purchase of a new highway vehicle included as part of *expenditures—transportation*). At times, amounts reported as *capital outlays* in the Capital Projects Fund will also include non-capitalized, project-related costs (for example, furnishings).

Fund Balance Flow Assumptions—Sometimes the Town will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the AUD a flow assumption must be made about the order in which the resources are considered to be applied. It is the Town’s policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Fund Balance Policies—Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The Town itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the Town’s highest level of decision-making authority. The Town Board is the highest level of decision-making authority for the Town that can, by Town Board resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the Town for specific purposes, but do not meet the criteria to be classified as committed. The Town Board has by resolution authorized the Supervisor to assign fund balance. The Town Board may also assign fund balance, as it does when appropriating fund balance to cover a gap between estimated revenues and appropriations in the subsequent year’s appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

Revenues and Expenditures

Program Revenues—The amounts reported as program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

Property Taxes—Taxes are collected by the receiver of taxes during the period January 1st to January 31st without penalty. Taxes are due by January 31st. If received during February, there is a 1% penalty. If payment is received in March, there is a 1.5% penalty. After May 31st, any unpaid amount is turned over to Oneida County. The County is responsible for collecting all taxes after April 1st. The County pays the Town for the delinquent taxes and assumes enforcement responsibility for all taxes levied in the Town.

Compensated Absences—Town employees are granted vacation and sick leave in varying amounts. In the event of termination or upon retirement, an employee is entitled to payment for accumulated vacation and sick leave at various rates subject to certain maximum limits.

Pensions—The Town is mandated by New York State law to participate in the New York State Local Employees' Retirement System ("ERS") and the New York State Police and Fire Retirement System ("PFRS"). For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the defined benefit pension plans, and changes thereof, have been determined on the same basis as they are reported by the respective defined benefit pension plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value. More information regarding pensions is included in Note 7.

Length of Service Awards Program ("LOSAP")—The Town has adopted a LOSAP for firefighters that serve on a volunteer basis. This program is administered by an outside agency with the Town as trustee. More information is included in Note 8.

Other Postemployment Benefits—In addition to providing pension benefits, the Town provides health insurance coverage and/or payments for fractional values of unused sick leave for certain retired employees at the time of retirement as discussed in Note 9.

Other

Estimates—The preparation of the AUD in conformity with the format prescribed by the New York State Office of the State Comptroller Annual Update Document guidelines requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the AUD. Estimates also affect the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

Adoption of New Accounting Pronouncements—During the year ended December 31, 2020, the Town implemented GASB Statements No. 83, *Certain Asset Retirement Obligations*; No. 84, *Fiduciary Activities* and No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. GASB Statement No. 83 establishes criteria for determining the timing and pattern of recognition of a liability and a corresponding deferred outflow of resources for asset retirement obligations ("AROs"). GASB Statement No. 84 establishes criteria for identifying fiduciary activities of all state and local governments. GASB Statement No. 95 provides temporary relief to governments and other stakeholders in light of the COVID-19 pandemic by postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018, and later. Other than the matter discussed in Note 2, the implementation of GASB Statements No. 83 and 95 did not have a material impact on the Town's financial position or results from operations.

Future Impacts of Accounting Pronouncements—The Town has not completed the process of evaluating the impact that will result from adopting GASB Statements No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*; and No. 93, *Replacement of Interbank Offered Rates*, effective for the year ending December 31, 2021, No. 87, *Leases*; No. 91, *Conduit Debt Obligations*; No. 92, *Omnibus 2020*; and No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a suppression of GASB Statement No. 32*, effective for the year ending December 31, 2022, No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*; and No. 96, *Subscription-Based Information Technology Arrangements*, effective for the year ending December 31, 2023. The Town is, therefore, unable to disclose the impact that adopting GASB Statements No. 87, 89, 91, 92, 93, 94, 96, and 97 will have on its financial position and results of operations when such statements are adopted.

Stewardship, Compliance and Accountability

Legal Compliance—Budgets—The Town follows these procedures in establishing the budgetary data reflected in the AUD.

- No later than October 5th, the Town Supervisor submits a tentative budget to the Town Clerk for the fiscal year commencing the following January 1st. The tentative budget includes proposed expenditures and the proposed means of financing them.
- Public hearings are conducted to obtain taxpayer comments.
- The budget is legally enacted through passage of legislative resolution no later than Thursday after election date. Certified copies are filed no later than November 20th with the tax roll coordinator of Oneida County for the purpose of preparing the tax levy.
- The Town Supervisor is authorized to transfer certain budgeted amounts within departments and/or individual funds.

Deficit Fund Balances—At December 31, 2020, the Town’s Capital Projects Fund reported a fund deficit of \$2,466,633. The deficit is caused by the Town’s issued bond anticipation notes (“BANs”), which do not qualify for treatment as a long-term liability. Accordingly, the BANs are reported as a fund liability in the Capital Projects Fund balance sheet (rather than an inflow on the statement of revenues, expenditures, and changes in fund balances). When the cash from the BANs is spent, expenditures are reported and fund balance is reduced. Because the BANs are the main source of resources for the fund, the result is an overall fund deficit. This deficit will be eliminated as resources are obtained (e.g., from revenues, long-term debt issuances, and transfers in) to make the scheduled debt service principal and interest payments on the BANs.

The Town’s Lighting District Fund reported a fund deficit of \$308 at December 31, 2020. It is expected that this deficit will be remedied through future increases in revenues.

2. RESTATEMENT OF FUND BALANCE/NET POSITION

During the year ended December 31, 2020, the Town implemented GASB Statement No. 84, *Fiduciary Activities*. The implementation of GASB Statement No. 84 establishes criteria for identifying fiduciary activities of state and local governments. This Statement also provides for the recognition of a liability to the beneficiaries in a fiduciary fund when an event has occurred that compels the government to disburse fiduciary resources.

The effects of this restatement to the Town's governmental funds and fiduciary funds are summarized as follows:

	Governmental Fund	Fiduciary Fund
	Fire Protection Fund	Custodial Fund
Net position/fund balance—December 31, 2019, as previously stated	\$ 53,037	\$ -
GASB Statement No. 84 implementation:	542,456	9,946
Net position/fund balance—December 31, 2019, as restated	<u>\$ 595,493</u>	<u>\$ 9,946</u>

3. CASH, CASH EQUIVALENTS AND INVESTMENTS

The Town's investment policies are governed by State statutes. In addition, the Town has its own written investment policy. Town monies must be deposited in FDIC-insured commercial banks or trust companies located within the State. The Supervisor is authorized to use demand accounts and certificates of deposit. Permissible investments include obligations of the U.S. Treasury and U.S. Agencies, repurchase agreements, and obligations of New York State or its localities.

Collateral is required for demand deposit accounts, time deposit accounts and certificates of deposit at 100% of all deposits not covered by Federal deposit insurance. The Town has entered into custodial agreements with the various banks which hold their deposits. These agreements authorize the obligation that may be pledged as collateral. Obligations that may be pledged as collateral are outlined in Chapter 623 of the laws of the State of New York.

Cash and cash equivalents at December 31, 2020 are as follows:

	Governmental Funds	Fiduciary Funds	Total
Petty cash (uncollateralized)	\$ 375	\$ -	\$ 375
Deposits	7,149,926	639,523	7,789,449
Total	<u>\$ 7,150,301</u>	<u>\$ 639,523</u>	<u>\$ 7,789,824</u>

Deposits—All deposits are carried at fair value and are classified by custodial credit risk at December 31, 2020 as follows:

	Bank Balance	Carrying Amount
FDIC insured	\$ 750,000	\$ 750,000
Uninsured:		
Collateral held by pledging bank's agent in the Town's name	7,220,096	7,039,449
Total	<u>\$ 7,970,096</u>	<u>\$ 7,789,449</u>

Custodial Credit Risk—Deposits—Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. As noted above, by State Statute all deposits in excess of FDIC insurance coverage must be collateralized. As of December 31, 2020, the Town's deposits were either FDIC insured or collateralized with securities held by the pledging bank's agent in the Town's name.

New Hartford Public Library—Deposits—The Library’s cash and cash equivalents, including restricted cash of \$279,649, totaled \$437,756 and were fully collateralized or insured at December 31, 2020.

Restricted cash and cash equivalents—The Town reports amounts to support restricted fund balance, unspent proceeds of debt and amounts held on behalf of others as restricted cash and cash equivalents. At December 31, 2020, the Town reported \$1,465,006, \$264,945, \$25,496, and \$633,227 of restricted cash and cash equivalents within the Capital Projects Fund, Mitigation Fund, Debt Service Fund, and Custodial Fund, respectively.

Interest Rate Risk—In accordance with its investment policy, the Town manages exposures by limiting investments to low risk type investments governed by New York State statute.

Restricted Investments—The Town’s restricted investments consist of annuity contracts related to the Town’s Length of Service Award Program (“LOSAP”), a defined benefit volunteer firefighter award program (see Note 8). These amounts are guaranteed fixed annuities, whereby the reported values are reported daily based on the valuation method disclosed in the annuity contract as calculated by the annuity provider and therefore are considered Level 2 inputs for fair value measurement purposes. The interest on each annuity varies but they are all fixed rate with a guaranteed minimum rate for a specific period. The cost and fair value of the contracts amounted to \$542,456 at December 31, 2020 and are recorded within the Fire Protection Fund.

7. PENSION PLANS

Police and Fire Retirement System (“PFRS”) and Employees’ Retirement System (“ERS”)—The Town participates in the PFRS and ERS (the “Systems”). The Systems provides retirement benefits as well as death and disability benefits. The net position of the Systems are held in the New York State Common Retirement Fund (the “Fund”), which was established to hold all assets and record changes in fiduciary net position allocated to the Systems. The Comptroller of the State of New York serves as the trustee of the Fund and is the administrative head of the Systems. System benefits are established under the provisions of the New York State Retirement and Social Security Law (“NYSRSSL”). Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. The Town also participates in the Public Employees’ Group Life Insurance Plan (“GLIP”), which provides death benefits in the form of life insurance. The Systems are included in the State’s financial report as a pension trust fund. That report, including information with regards to benefits provided, may be found at www.osc.state.ny.us/retire/publications/index.php or obtained by writing to the New York State and Local Retirement System, 110 State Street, Albany, NY 12244. The Systems are noncontributory, except for employees who joined the ERS after July 27, 1976 who contribute three percent (3%) of their salary for the first ten years of membership, and employees who joined on or after January 1, 2010 (ERS) or January 9, 2010 (PFRS), who generally contribute three percent (3%) to three and one half percent (3.5%) of their salary for their entire length of service. In addition, employee contribution rates under ERS Tier VI vary based on a sliding salary scale. The Comptroller annually certifies the actuarially determined rates expressly used in computing the employers’ contributions based on salaries paid during the System’s fiscal year ending March 31.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions—At December 31, 2020, the Town reported the following liabilities for its proportionate share of the net pension liability for each of the Systems. The net pension liabilities were measured as of March 31, 2020. The total pension liabilities used to calculate the net pension liabilities were determined by actuarial valuations as of April 1, 2019, with update procedures used to roll forward the total net pension liabilities to the measurement date. The Town’s proportion of the net pension liabilities were based on a projection of the Town’s long-term share of contributions to the Systems relative to the projected contributions of all participating members, actuarially determined. This information was provided by the Systems in reports provided to the Town.

	PFRS	ERS
Measurement date	March 31, 2020	March 31, 2020
Net pension liability	\$ 2,649,487	\$ 2,344,447
Town's portion of the Plan's total net pension liability	0.0495700%	0.0088535%

For the year ended December 31, 2020, the Town recognized pension expenses of \$895,307 and \$819,388, respectively, for PFRS and ERS. At December 31, 2020, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions shown below:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
	PFRS	ERS	PFRS	ERS
Differences between expected and actual experiences	\$ 176,428	\$ 137,980	\$ 44,379	\$ -
Changes of assumptions	226,467	47,206	-	40,762
Net difference between projected and actual earnings on pension plan investments	1,193,147	1,201,877	-	-
Changes in proportion and differences between the Town's contributions and proportionate share of contributions	7,940	67,533	104,105	24,958
Town contributions subsequent to the measurement date	338,466	286,706	-	-
Total	<u>\$ 1,942,448</u>	<u>\$ 1,741,302</u>	<u>\$ 148,484</u>	<u>\$ 65,720</u>

Town contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending December 31, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as shown below:

Year Ending December 31,	PFRS	ERS
2021	\$ 291,092	\$ 240,404
2022	334,894	351,673
2023	438,826	443,530
2024	374,754	353,269
2025	15,932	-

Actuarial Assumptions—The total pension liabilities as of the measurement date were determined by using actuarial valuations as noted in the table below, with update procedures used to roll forward the total pension liabilities to the measurement date. The actuarial valuations used the actuarial assumptions:

	PFRS	ERS
Measurement date	March 31, 2020	March 31, 2020
Actuarial valuation date	April 1, 2019	April 1, 2019
Interest rate	6.80%	6.80%
Salary scale	5.00%	4.20%
Decrement tables	April 1, 2010- March 31, 2015	April 1, 2010- March 31, 2015
Inflation rate	2.5%	2.5%
Cost-of-living adjustments	1.3%	1.3%

Annuitant mortality rates are based on April 1, 2010 – March 31, 2015 System’s experience with adjustments for mortality improvements based on Society of Actuaries’ Scale MP-2014. The actuarial assumptions used in the April 1, 2019 valuation are based on the results of an actuarial experience study for the period April 1, 2010 – March 31, 2015.

The long-term rate of return on pension plan investments was determined using a building block method in which best estimate ranges of expected future real rates of return (expected returns net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long term expected rate of return by weighting the expected future real rates of return by each the target asset allocation percentage and by adding expected inflation. Best estimates of the arithmetic real rates of return for each major asset class included in the target asset allocation are summarized below:

Measurement date Asset class:	PFRS and ERS	
	Long-Term Expected	
	Target Allocation	Real Rate of Return
	March 31, 2020	
Domestic equities	36.0 %	4.1 %
International equities	14.0	6.1
Private equity	10.0	6.8
Real estate	10.0	5.0
Absolute return strategies	2.0	3.3
Opportunistic portfolio	3.0	4.7
Real assets	3.0	6.0
Bonds and mortgages	17.0	1.0
Cash	1.0	0.0
Inflation-indexed bonds	4.0	1.0
Total	100.0 %	

Discount Rate—The discount rate used to calculate the total pension liability was 6.8%. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially. Based upon the assumptions, the Systems’ fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore the long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to the Discount Rate Assumption—The chart on the following page presents the Town’s proportionate share of the net pension liability/(asset) calculated using the discount rate of 6.8%, as well as what the Town’s proportionate share of the net pension liability/(asset) would be if it were calculated using a discount rate that is one percentage-point lower (5.8%) or one percentage-point higher (7.8%) than the current assumption.

	1% Decrease (5.8%)	Current Assumption (6.8%)	1% Increase (7.8%)
Employer's proportionate share of the net pension liability/(asset)—PFRS	\$ 4,737,337	\$ 2,649,487	\$ 779,770
Employer's proportionate share of the net pension liability/(asset)—ERS	4,302,721	2,344,447	540,868

Pension Plan Fiduciary Net Position—The components of the current-year net pension liabilities of the employers as of the respective valuation dates, were as follows:

	(Dollars in Thousands)		
	PFRS	ERS	Total
Valuation date	April 1, 2019	April 1, 2019	
Employers' total pension liability	\$ 35,309,017	\$ 194,596,261	\$ 229,905,278

Employers' net pension liability	<u>\$ 5,344,937</u>	<u>\$ 26,480,579</u>	<u>\$ 31,825,516</u>
System fiduciary net position as a percentage of total pension liability	84.9%	86.4%	86.2%

8. PENSION OBLIGATIONS—LOSAP

As of December 31, 2020, the Town has not fully implemented GASB Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets that are Not Within the Scope of GASB Statement No. 68, and Amendments to Certain Provisions of GASB Statements No. 67 and 68.*, and as a result does not report a net position liability related to LOSAP.

Plan Description—The Town established a defined benefit Length of Service Award Program (“LOSAP”) for the active volunteer firefighters of the Willowvale Fire Co., Inc. the Willowvale Fire Co., Inc. Service Award Program took effect in January 1, 2008. The program was established pursuant to Article 11-A of General Municipal Law. The program provides municipally-funded, pension-like benefits to facilitate the recruitment and retention of active volunteer firefighters. The Town is the sponsor of the program.

The Town’s financial statements are for the year ended December 31, 2020. However, the actuarially calculated obligations of the plan contained in this note are based on the information for the LOSAP for the plan year ended on January 1, 2020, which is the most recent plan year for which complete information is available.

Participation, Vesting and Service Credit—Active volunteer firefighters who have reached the age of 18 and who are current active members for one year on the Emergency Service organization’s membership roster are eligible to participate in the program. Participants acquire a nonforfeitable right to a service award after being credited with five years of firefighting service or upon attaining the program’s entitlement age. The program’s entitlement age is 65. In general, an active volunteer firefighter is credited with a year of firefighting service for each calendar year after the establishment of the program in which he or she accumulates points in accordance with the method used by the sponsor to determine active status. Points are granted for the performance of certain activities in accordance with a system established by the sponsor on a basis of a statutory list of activities and point values. A participant may also receive credit for five years of firefighting service rendered prior to the establishment of the program.

Benefits—A participant’s benefit under the program is paid as a life annuity guaranteed for ten years. Equal to \$15 multiplied by the firefighter’s total number of years of firefighting service. The number of years of firefighters service use to compute the benefit cannot exceed 40 years, except in the case of death or disability, in which benefits are payable when the participant reached the entitlement age. The maximum benefit is \$600. The program provides statutorily mandated death and disability benefits.

Fiduciary Investment and Control—Service credit is determined by the governing Board of the sponsor, based on information certified to the governing Board by each fire company having members who participate in the program. Each fire company must maintain all required records on forms prescribed by the governing board.

The governing Board of the Sponsor has retained and designated Firefighters Benefit and Insurance Services (“FBIS”) to assist in the administration of the program. The designated program administrator’s functions include those services listed in the service fee agreement. Disbursements of program assets for the payment of benefits or administrative expenses must be approved. The following is an explanation of the process for approving disbursements for benefits:

1. Entitlement Benefits—FBIS prepared and submits to the Plan Administrator (Sponsor) a Verification of Benefits statement and an Annuity Enrollment form for participants active at entitlement age and for vested participants upon terminations from the plan. Following review for accuracy, the Plan Administrator signs and returns the paperwork to FBIS to disburse entitlement benefits.
2. Death Benefits—Upon notification from the Plan Administrator (Sponsor) of a participant’s death, FBIS prepares a Verification of Benefits statement and a lump-sum death benefit form. Following review for accuracy, the Plan Administrator signs and returns the paperwork accompanied by a death certificate to FBIS authorizing FBIS to disburse a death benefit.
3. Disability Benefits—Upon notification from the Plan Administrator (Sponsor) of a participant’s total and permanent disability, FBIS prepares a Verification of Benefits statement, a physician statement form, and lump-sum disability benefit form. Following review for accuracy, the Plan Administrator signs and returns the paperwork authorizing FBIS to disburse a disability benefit.

Payment of Administrative Expenses—Per the executed service fee agreement, the Plan Administrator agrees to payment as contracted.

Program assets are required to be held in trust by the LOSAP legislation, for the exclusive purpose of providing benefits to participants and their beneficiaries or for the purpose of defraying the reasonable expenses of the operation and administration of the program. Program assets are held in compliance with GML 11-A217(j).

Authority to invest program assets is vested in the Hartford Life Insurance Company. Subject to restrictions in the program document, program assets are invested in accordance with a statutory “prudent person” rule.

Program Financial Condition—The Sponsor is required to retain an actuary to determine the amount of Sponsor’s contributions to the plan. The actuary retained by the Sponsor for this purpose is FBIS. Portions of the following information are derived from a report prepared by the actuary with a valuation date of January 1, 2020 for the plan year ending December 31, 2020.

Prior service costs have been amortized and paid. The program assets are less than the actuarial present value of accrued benefits.

9. OTHER POSTEMPLOYMENT BENEFITS (“OPEB”) OBLIGATION

Plan Description and Benefits Provided—In addition to pension benefits, the Town administers a single-employer defined benefit medical plan (the “Plan”). The Plan provides for continuation of medical insurance benefits for certain retirees and their spouses and can be amended by action of the Town subject to applicable collective bargaining and employment agreements. Generally, the employees may retire with benefits when they reach the age of 55 and have 20 years of service with the Town. The Plan does not issue standalone publicly available financial reports since there are no assets legally segregated for the sole purpose of paying benefits under the Plan.

Employees Covered by Benefit Terms—At December 31, 2020, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	27
Active employees	<u>58</u>
Total	<u>85</u>

Under GASB Statement No. 75, the total OPEB liability represents the sum of expected future benefit payments, which may be attributed to past service (or “earned”), discounted to the end of the fiscal year using the current discount rate. The total OPEB liability is analogous to the Unfunded Actuarial Accrued Liability (“AAL”) under GASB Statement No. 45.

Total OPEB Liability

The Town’s total OPEB liability of \$21,217,877 was measured as of January 1, 2020, and was determined by an actuarial valuation as of January 1, 2019.

Actuarial Assumptions and Other Inputs—Calculations are based on the types of benefits provided under the terms of the substantive plan (the plan as understood by the employer and the plan members) at the time of the valuation and on the pattern of cost sharing between the employee and plan members. Calculations reflect a long-term perspective, so methods and assumptions used include techniques that are designed to reduce short-term volatility.

In the January 1, 2019 actuarial valuation, the entry age normal method, over a level percent of pay was used. The single discount rate changed from 4.10% effective January 1, 2019 to 2.74% effective January 1, 2020 based on the Bond Buyer Weekly 20-Bond GO Index. The salary scale is 3.50%. Adjusted RPH-2014, fully generational using scale MP-2014 was used for mortality rates. Funding Policy—Authorization for the Town to pay a portion of retiree health insurance premiums was enacted through various union contracts as specified above, which were ratified by the Town Board. The Town recognizes the cost of providing these benefits by expensing the annual insurance premiums when invoiced by the health insurance provider. Town governmental activities contributed \$424,162 for the fiscal year ended December 31, 2020. For the year ended December 31, 2020, the Town's governmental activities recognized OPEB expense of \$1,796,425. Compensated Absences—As described in Note 1, the Town records the value of compensated absences. The annual budgets of the respective funds of which the employees' payroll is recorded provide funding for these benefits as they become payable. The value recorded at December 31, 2020, for governmental activities is \$793,569. While the payments of compensated absences are dependent upon many factors, the Town has estimated that \$39,678 will become due within one year. Since payment of compensated absences is dependent upon many factors, the timing of future payments is not readily determinable.

Net Pension Liability—The Town reports a liability for its proportionate share of the net pension liability for the Employees' Retirement System and Police and Fire Retirement System. The net pension liability is estimated to be \$4,993,934. Refer to Note 7 for additional information related to the Town's net pension liability.

14. FUND BALANCE

In the AUD, nonspendable amounts represent net current financial resources that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact. Nonspendable fund balance maintained by the Town at December 31, 2020 includes:

- **Prepaid Items**—Represents amounts prepaid for various insurance policies. The General Fund, Police Fund, Highway Part-Town Fund, Sewer Fund and Nonmajor Funds reported \$144,520, \$158,154, \$56,336, \$4,209 and \$13,904 respectively, at December 31, 2020.

In the fund financial statements, restricted fund balances are amounts constrained to specific purposes (such as creditors, grantors, contributors, or laws and regulations of other governments) through constitutional provisions or by enabling legislation. Restricted fund balances of the Town at December 31, 2020 include:

- **Restricted for Mitigation**—Represents funds, \$264,945, held from the collection of mitigation fees that can only be spent on specific public improvements.
- **Restricted for Debt**—Represents funds, \$44,979, held to pay future debt service payments.
- **Restricted for LOSAP**—Represents monies, \$542,456, held in trust for the administration of the Town's LOSAP.

In the fund financial statements, commitments are amounts that are subject to a purpose constraint imposed by a formal action of the Town's highest level of decision-making authority. At December 31, 2020, the Town reported no committed fund balance.

In the fund financial statements, assignments are not legally required segregations, but are subject to a purpose constraint that represents an intended use established by the Town Board. The purpose of the assignment must be narrower than the purpose of the General Fund, and in funds other than the General Fund, assigned fund balance represents the residual amount of fund balance. At December 31, 2020, the following fund balances were considered to be assigned:

	General Fund	Police Fund	Highway Town-wide Fund	Highway Part-Town Fund	Sewer Fund	Nonmajor Funds	Total
Subsequent year's appropriations	\$ 374,500	\$ -	\$ -	\$ 107,566	\$ 217,106	\$ 88,249	\$ 787,421

- **Assigned to Subsequent Year's Expenditures**—Represents available fund balance being appropriated to meet expenditure requirements in the 2021 fiscal year.
- **Assigned to Specific Use**—Represents fund balance within the special revenue funds that is assigned for a specific purpose. The assignment's purpose relates to each fund's operations and represents amounts within funds that are not restricted or committed.

If the Town must use funds for emergency expenditures, the Board shall authorize the Supervisor to expend funds first from funds classified under GASB as nonspendable (if the funds become available) then restricted funds. The use of committed and assigned funds as classified by GASB will occur after the exhaustion of available restricted funds. Finally, if no other funds are available, the Town will use unassigned fund balance.

15. INTERFUND BALANCES AND ACTIVITY

Interfund receivables and payables are short term in nature and exist because of temporary advances or payments made on behalf of other funds. All interfund balances are expected to be collected/paid within the ensuing year. Interfund transfers are routine annual events for both the budget and accounting process and are necessary to present funds in their proper fund classification.

Interfund receivables, payables, and transfers of the Town as of, and for the year ended December 31, 2020 are presented below:

16. LABOR RELATIONS

Town employees are represented by four bargaining units with the balance governed by Town Board rules and regulations. The Dispatcher Benevolent Association has a contract through December 31, 2019, which is currently in negotiations. The Joseph Corr Police Benevolent Association and Highway Teamsters Local No. 294 have contracts through December 31, 2020. The Parks and Recreation Teamsters Local No. 182 has a contract through December 31, 2022.

17. CONTINGENCIES

Grants—In the normal course of operations, the Town receives grant funds from various Federal and State agencies. These grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any disallowed expenditures resulting from such audits could become a liability of the governmental funds. While the amount of any expenditures which may be disallowed cannot be determined at this time, management expects any amounts to be immaterial.

Litigation—The Town is involved in litigation in the ordinary course of its operations. The Town believes that its ultimate liability, if any, in connection with these matters will not have a material effect on the Town’s financial condition or results of operations.

Assessments—The Town is a defendant in various litigation under Article 7 of the Real Property Tax Law of the State of New York to review tax assessments. While the Town vigorously defends assessments, the likelihood of success is on a case by case basis, and is dependent upon various factors including market values and appraised amounts. Management believes that the level of potential losses on these cases, if any, would be immaterial and no provisions have been made within the financial statements.
