PRESENTATION & COMMENTS

Michael Kennedy – 9 Beechwood Road

Mr. Kennedy read aloud a letter addressed to the Town Supervisor and the Town Board;

“My name is Mike Kennedy; I live at 9 Beechwood Road here in New Hartford. I have been a resident of the Town for 26 years. I am here to set the record straight regarding the resignation of 6 of the 7 Parks Commission members. First and foremost, I want to make it clear that members of the Commission have absolutely no issue with the City of Utica or the Genesis Group. We would have been more than happy to work in unison with them had we been informed of their involvement with us, or us with theirs. It was quite to the contrary. The Supervisor advised the Commissioner we would be planning and having the fireworks and Fourth of July events in the Park. So it came as quite the surprise to us to hear about it through the local media on Thursday, I think it was. When we had a meeting that prior Monday, and were still under the assumption that we were handling all of the events, and planning... which we were doing at that meeting, we had begun. While these lies and deception, while volunteering our time made a difficult endeavor, and hence lead to our resignations. I was told by a Board Member that a parade was never presented to him or the Board. I hope this deal making before consulting our elected Board Members doesn't become the new way of doing business here in New Hartford. I would ask all of you to hold our Supervisor accountable for both the spending and decision making without consulting the Board. Thank you for your time.”

Several other members of the Board of Parks Commissioners were also present.

REPORTS OF TOWN OFFICIALS BY STANDING COMMITTEE

Town Clerk Committee:

Liquor License Renewal – Laurey's Pizzeria, Inc.

Councilman Woodland introduced the following Resolution for adoption; seconded by Councilman Lenart:

(RESOLUTION NO. 116 of 2019)

RESOLVED, that the Town Board of the Town of New Hartford does hereby acknowledge receipt of the Liquor License Renewal Application/ Notice to Municipality from Laurey's Pizzeria Inc., 8205 Seneca Turnpike, Clinton, NY 13323; and whereas, the Town Police Department has not received any complaints about said establishment, the Town Board does not object to the State renewing said Application.

The Resolution was voted upon by roll call, as follows:

Fireworks Bid Results: July 5, 2019

Councilman Woodland informed the Board that the Town had not received any bids at the first bidding request.

Councilman Messa stated that bringing the fireworks back to the Town of New Hartford is turning into “a little bit of a spectacle... how this is all uncoordinated, I’m not pleased because it’s not really what I envisioned. I envisioned just fireworks, it’s grown to bands, and it’s grown to food trucks... alcohol, which everyone knows I’m against alcohol in the Parks. I don’t know if at this point with the Commission not being intact, maybe we postpone the fireworks since were going out to bid anyways and look at this event in terms of policing and funding... I think some of the cost associated with this, I think it exceeds what we had budgeted, I am a little concerned. Big things I’m really looking at is having an event like this to go off without a hitch, are we going to get it right the first time? Probably not... There’s the parade in the village that’s great but maybe the fireworks, maybe do we have to have it right around that timeframe? Maybe look into a later date, that’s what I would propose. That may help with the planning stages as well as getting bids in. Again, I was advocating for fireworks but not into the magnitude that this is going.”

Councilman Reynolds also expressed his disappointment at the way the proposal was presented. He was under the impression that the Board would be discussing the proposal further at a later date. Councilman Reynolds continued that when the Town did do fireworks in the past, that people would be “staking out” their spots early in the morning and would make an entire day out of it [the firework event]. In years past overflow parking was allowed on Route 21, and at Utica National, both options are no longer allowed. He further states that in his opinion the Parks Department is not what it was, in terms of manpower. There are other expenses to also look into; setup and cleanup for the event that would take place the day before and also for days after. There are other options to do fireworks that the Board could look into; in prior years there have been fireworks at the Ice Cream Social that would also benefit the library and the citizens band.

Supervisor Miscione spoke on the budget, stating that there was enough to cover the fireworks, and that the Parks Department staff would be able to handle the cleanup. The proposal was brought to the Board; the parade has nothing to do with the Town of New Hartford’s fireworks display. Supervisor Miscione also stated that once Councilman Messa has spoken against alcohol in the Parks, he had gone back to the Genesis Group and took that park out of the proposal. There is no contract to even be approved by the Board at this time. He further goes on to clarify that the City of Utica had offered to help the Town with lending portable facilities, a stage and additional police force. It was cost saving and a benefit to the Town, working with the City of

Utica is not something new for the Town. Supervisor Miscione further states that the parade route extending through the village of New Hartford, has nothing to do with the Town.

Councilman Reynolds then interjected and stated that due to the fact of the police department being involved, and that the route concludes at the Recreation Center which would have to be made available for facilities. He believes that the whole situation could have been avoided had the Genesis Group been presented and discussed back then, while also informing the Parks Commission at the same time so everyone is on the same page. He continued by reading from the Genesis Group proposal; that there is an included fee of \$1,500 dollars for sound and lights, that the New Hartford Police Department as well as the Fire Department would be in charge of traffic and public safety. The Town of New Hartford Department of Public Works would be responsible for the setup of trash receptacles, a band shell, lighting/ generator and cleanup, on a holiday weekend, which would be an additional cost to the Town. He stressed that there are still unanswered questions that should have been addressed right after the proposal was brought to the Town Board.

The discussion having ended regarding the Genesis Group proposal, Councilman Woodland introduced the following Resolution for adoption, seconded by Councilman Lenart:

(RESOLUTION NO. 117 OF 2019)

RESOLVED, being that the Town Clerk did not receive any bids submitted for Fireworks on July 5, 2019 in Sherrillbrook Park; The Town Board does hereby authorize a re-bid at the earliest possible date.

Permit Extension Fee Waiver

Mr. Buck from (Housing complex being built on Route 12) is requesting the Town Board waive the permit extension fee for the project. Mr. Buck explains that construction on the property has not stopped, and that it was known that the construction would take more than a year to complete. He feels that the initial permit fee charge, along with mitigation fees are more than enough payment; and that the practice of extension fees is not standard or usual. Codes Enforcement Officer Joe Booth disagrees and says that the extension fee is in place to deter the length of projects and that the Town has denied waiver requests before. It was the consensus of the Town Board that Mr. Buck pay the Permit Extension fee.

Councilman Reynolds:

Update on Woodberry lot restoration, FEMA deed required and head wall move

The Town Attorney has not received a return phone call from Tom Cowin (FEMA); he will submit a report at the April 24, 2019 Town Board Meeting, to address the matters of obtaining a deed that would allow relocation of the “headwall” on Woodberry Road. Councilman Reynolds believes the headwall move might also help with the drainage on Sherwood Road.
